### **SUBJECT**

This action is to proceed with the annexation of territories to County Lighting Maintenance District 1687, and County Lighting District LLA-1, Unincorporated Zone, and levying of assessments on benefited properties within these territories.

### **IT IS RECOMMENDED THAT YOUR BOARD:**

1. Approve the Engineer's Reports for Petition Nos. 122-807, 100-707, 34-307, 24-307, 22-307, 101-606, 82-502, and 51-300, either as filed or as modified, regarding the annexation of territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and levying of assessments within the annexed territories for street lighting purposes. The proposed annexation areas are located in the unincorporated communities of Rowland Heights, Valinda,

2. Adopt the Resolution of Intention to Annex Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and Order the Levying of Assessments within the Annexed Territories for Fiscal Year 2010-11.
3. Set a date for a public hearing regarding the proposed annexations and levying of annual assessments within the annexed territories for street lighting purposes, with a base-assessment rate of \$5 for a single-family residence within County Lighting District LLA-1, Unincorporated Zone, for Fiscal Year 2010-11.
4. Instruct the Executive Officer of your Board to cause notice of the public hearing by mail at least 45 days prior to the date of hearing scheduled for Tuesday, \_\_\_\_\_, pursuant to Section 53753 of the Government Code. The mailed notice will include assessment ballots.
5. Instruct the Executive Officer of your Board to cause notice of the public hearing to be posted in three conspicuous places within the territories to be annexed and to publish the notice of public hearing once a week for two successive weeks in a newspaper of general circulation. Such posting and publication to be completed at least 10 days prior to the date of hearing, pursuant to Section 5838 of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the annexations and assessments are for the purpose of meeting operating expenses; purchasing supplies, equipment, or materials; meeting financial reserve needs and requirements; and obtaining funds for capital projects, including the installation, operation, and maintenance of street lights, necessary to maintain service within the areas proposed for annexation, and are therefore exempt from the requirements under the California Environmental Quality Act.
2. Order changes, if needed, in any of the matters provided in the Engineer's Reports, including changes in the improvements, the proposed diagrams, or the proposed assessments.
3. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or opposition to the proposed assessment.
4. Determine whether a majority protest against the proposed annexations or assessments exists.
5. Make a finding terminating the annexation, the levying of assessments, and the property tax transfer proceedings in those petition territories where there has been a majority protest to the assessments, and refer the matter back to the Department of Public Works.
6. If there is no majority protest against the proposed assessments, adopt the Resolution Ordering Annexation of Territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, Confirming a Diagram and Assessment, and Levying of Assessments within the Annexed Territories for Fiscal Year 2010-11 either as proposed or as modified by your Board. The adoption of the Resolution Ordering Annexation will constitute the levying of assessments in Fiscal Year 2010 11.
7. Adopt the Joint Resolutions between your Board and other taxing agencies, Approving and

Accepting the Negotiated Exchange of Property Tax Revenues resulting from the annexation of these territories to County Lighting Maintenance District 1687, as approved by the nonexempt taxing agencies.

### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of the recommended action is for your Board to annex the territories known as Petition Nos. 122-807 (Dragonera Drive and Abeto Avenue), 100-707 (Hayland Street), 34-307 (Valley Boulevard, et al.), 24-307 (Valley Boulevard, et al.), 22 307 (Fairgrove Avenue), 101-606 (Coltrane Avenue), 82-502 (Dunlap Crossing Road), and 51-300 (Inez Street) to County Lighting Maintenance District 1687 (CLMD 1687), and County Lighting District LLA-1 (CLD LLA 1), Unincorporated Zone; to levy assessments for Fiscal Year 2010-11 on the benefited properties within the annexed territories for street lighting purposes; and to approve the exchange of property tax revenues among those nonexempt agencies whose service areas are subject to the jurisdictional change.

### **Implementation of Strategic Plan Goals**

The Countywide Strategic Plan directs the provision of Operational Effectiveness (Goal 1). We ensure the fiscal sustainability of our street lighting services by performing the annexation, levying of assessments, and property tax transfer to provide the funding necessary for the operation and maintenance of new street lighting facilities within these annexed territories. In addition, this action is consistent with Community and Municipal Services (Goal 3), since street lighting services provide for the delivery of a customer-oriented municipal service that improves the quality of life for residents in the area.

### **FISCAL IMPACT/FINANCING**

Sufficient funds are included in the Fiscal Year 2009-10 budget for CLMD 1687 and CLD LLA-1, Unincorporated Zone, to fund the costs for the operation and maintenance of the street lights within these petition areas, should operation and maintenance charges estimated at \$16,100 annually be incurred prior to the end of Fiscal Year 2009 10. Funds to finance future operational cost will be made through Public Works annual budget process.

In subsequent years, the ongoing operation and maintenance costs of the street lights within these annexed territories will be funded by CLMD 1687's share of ad valorem property taxes and supplemented by assessments, annually approved by your Board, from property owners within these annexed territories. The proposed annexations will result in a minimal property tax growth transfer from the affected taxing entities including the Los Angeles County General Fund, the Los Angeles County Library, the Los Angeles County Road Maintenance District Nos. 1, 4, and 5, the Consolidated Fire Protection District of Los Angeles County, and the Los Angeles County Flood Control District to CLMD 1687.

## **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

On January 6, 2009, Item 33, your Board approved and filed Petition Nos. 122-807, 100-707, 34-307, 24-307, 22-307, 101-606, 82-502, and 51-300 and adopted a Resolution Initiating Proceedings to annex the territories to CLMD 1687 and CLD LLA-1, Unincorporated Zone, and ordered the Department of Public Works (Public Works) to prepare and file an Engineer's Report for each petitioned territory. The enclosed Engineer's Reports were prepared in response to that directive.

Under California Government Code Section 53753, it is necessary to follow the procedures for levying of assessments previously authorized by your Board, including the distribution, receipt, and tabulation of ballots at a public hearing. Ballots will be mailed to each property owner within the annexation territories. The assessment will only be levied if the weighted majority of ballots returned are in favor of the assessment.

The enclosed Resolution of Intention must be adopted to set a date for the required public hearing. Your Board, at the close of the public hearing, may delay its determination regarding the annexations and levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the annexation and assessment.

Section 99.01 (a)(4) of the California Revenue and Taxation Code provides that affected agencies must approve and accept the negotiated exchange of property tax revenues by resolution. The Joint Resolutions Approving and Accepting the Exchange of Property Tax Revenues have been approved by nonexempt taxing agencies, and are enclosed for your consideration.

The boundaries of the proposed annexations have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the California Government Code and are on file with Public Works. A copy of the diagram showing the boundaries of each proposed annexation area is attached to the Engineer's Report prepared for each petitioned area. Following your Board's approval of the resolution for the annexations, levying of assessments, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the California Government Code.

The enclosed resolutions have been approved as to form by County Counsel.

## **ENVIRONMENTAL DOCUMENTATION**

On January 6, 2009, Item 33, your Board determined that Petition Nos. 122-807, 100 707, 34-307, 24-307, 22-307, 101-606, 82-502, and 51-300, are categorically exempt from the provisions of the California Environmental Quality Act (CEQA) in that it meets the criteria set forth in Section 15301(a) of the State CEQA Guidelines and Class 1(x)27 of the County's Environmental Document Reporting Procedures and Guidelines, Appendix G.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

**COUNTY OF LOS ANGELES  
DEPARTMENT OF PUBLIC WORKS  
ENGINEER'S REPORT  
PETITION NO. 122-807  
(DRAGONERA DRIVE AND ABETO AVENUE)**

On January 6, 2009, the Los Angeles County Board of Supervisors adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687, and County Lighting District LLA-1 (CLD LLA-1), Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining seven street lights on new wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

There will be no cost for the installation of the seven street lights on new wood poles with overhead wiring. The annual operating cost of \$1,040 for the seven-9,500 lumen high pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2009-10 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the Fiscal Year 2010-11 tax bill of property owners whose parcels lie within the boundaries of Petition No. 122-807. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the County of Los Angeles Board of Supervisors, will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in the District. Therefore, CLD LLA-1 was

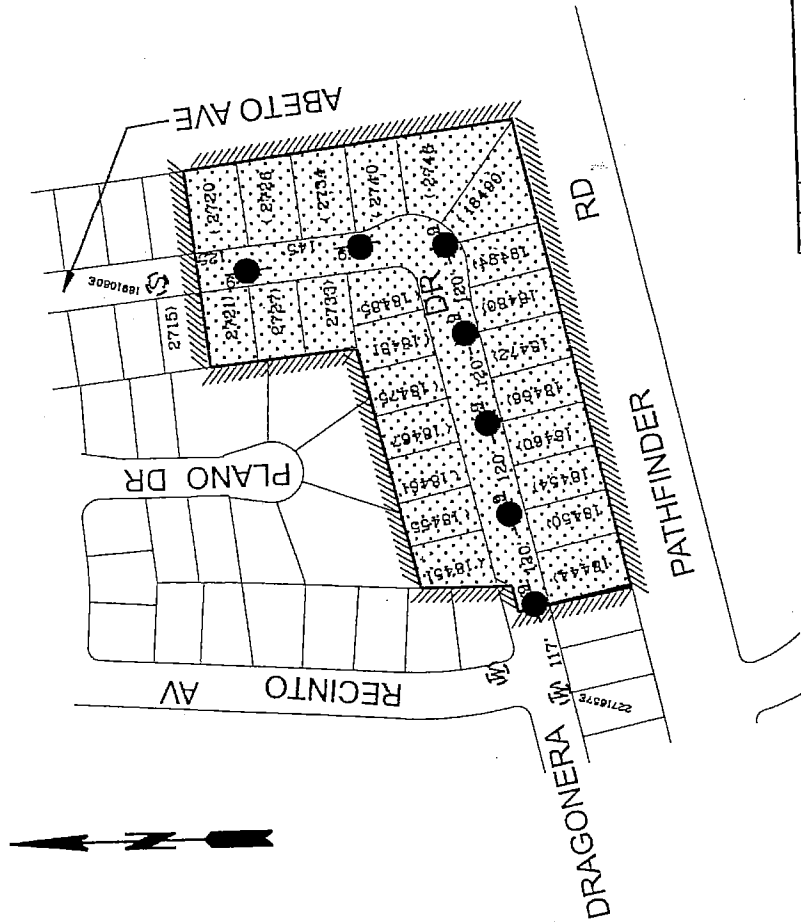

Engineer's Report  
Petition No. 122-807

formed under the Landscaping and Lighting Act of 1972 (Section 22585 et seq.) to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The Fiscal Year 2009-10 Annual Engineer's Report, which lists the base-rate assessment for all zones within CLD LLA-1, and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A, included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory as requested by the signers of Petition No. 122-807, and to provide for their operation and maintenance.

DEPARTMENT OF PUBLIC WORKS  
ENGINEER'S REPORT  
PETITION NO. 24-307  
(VALLEY BOULEVARD ET AL.)**

On January 6, 2009, the Los Angeles County Board of Supervisors adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District (CLD) LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining 24 street lights on concrete poles with overhead wiring within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

The Puente Hills Community Enhancement and Benefit Fund will finance the estimated \$120,000 costs for the installation of the 24 street lights on concrete poles with overhead wiring within Petition No. 24-307. The annual operating cost of \$4,330 for the eight-9,500 lumen and 16-22,000 lumen high pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2009-10 Annual Engineer's Report for CLD LLA-1, is proposed to be added to the Fiscal Year 2010-11 tax bill of property owners whose parcels lie within the boundaries of Petition No. 24-307. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the County of Los Angeles Board of Supervisors, will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms with the applicable provisions of Proposition 218.

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are

Engineer's Report  
Petition No. 24-307

not sufficient to pay the cost of street lighting in the District. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (Section 22585 et seq.) to provide supplemental funding.

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The Fiscal Year 2009-10 Annual Engineer's Report, which lists the base-rate assessment for all zones within CLD LLA-1, and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A, included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory, as requested by the signers of Petition No. 24-307, and to provide for their operation and maintenance.

In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. **COUNTY OF LOS ANGELES  
DEPARTMENT OF PUBLIC WORKS  
ENGINEER'S REPORT  
PETITION NO. 51-300  
(INEZ STREET)**

On January 6, 2009, the Los Angeles County Board of Supervisors adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District (CLMD) 1687 and County Lighting District LLA-1 (CLD LLA-1), Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining 13 street lights on new or existing wood poles within the territory proposed for annexation, as shown on the diagram, plan, and specifications attached hereto. In addition, the Department of Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the California Streets and Highways Code and Article XIII D, Section 4(b) of the California Constitution. This report was prepared in response to that directive.

There will be no cost for the installation of the 13 street lights on new or existing wood poles with overhead wiring. The annual operating cost of \$1,930 for the 13-9,500 lumen high pressure sodium vapor street lights will be funded by CLMD 1687 and CLD LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, based on the approved Fiscal Year 2009-10 Annual Engineer's Report for CLD LLA-1 is proposed to be added to the Fiscal Year 2010-11 tax bill of property owners whose parcels lie within the boundary of Petition No. 51-300. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the County of Los Angeles Board of Supervisors, will be added to the property tax bill.

With the passage of Proposition 218 (the Right to Vote on Taxes Act) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIII D of the California Constitution. This report conforms to the applicable provisions of Proposition 218.

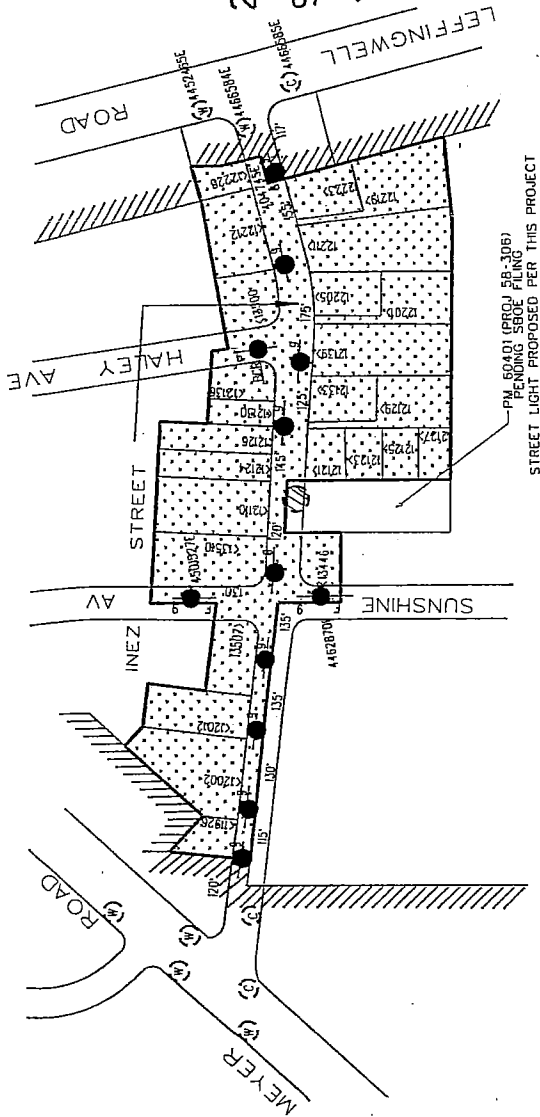

CLMD 1687 is an established Street Lighting District and was fully funded from ad valorem property taxes prior to the passage of Proposition 13 (The People's Initiative to Limit Property Taxation) in 1978, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of street lighting in CLMD 1687. Therefore, CLD LLA-1 was formed under the Landscaping and Lighting Act of 1972 (Section 22585 et seq. of the California Streets and Highways Code) to provide supplemental funding.

Engineer's Report  
Petition 51-300

The Landscaping and Lighting Act provides for the assessment of street lighting costs against the benefited properties within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The Fiscal Year 2009-10 Annual Engineer's Report, which lists the base-rate assessment for all zones within CLD LLA-1, and the total assessment amount to be collected from benefited parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A, included herein. The parcels are more particularly described in a map prepared in accordance with Section 327 of the California Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install the street lights in the designated territory as requested by the signers of Petition No. 51-300 and to provide for their operation and maintenance.

NOW, THEREFORE, BE IT RESOLVED, by the Board of Supervisors of the County of Los Angeles, State of California, that:

SECTION 1. The public interest and convenience require, and it is the intention of the Board of Supervisors to order the benefited territories hereinafter described, all of which territory lies in the County of Los Angeles, be annexed to County Lighting Maintenance District 1687, pursuant to Section 5837 of the California Streets and Highways Code.

SECTION 2. The public interest and convenience require, and it is the intention of the Board of Supervisors to order, the benefited territories be annexed to County Lighting District LLA-1, Unincorporated Zone, pursuant to Section 22605 of the California Streets and Highways Code.

SECTION 3. The public interest and convenience require, and it is the intention of the Board of Supervisors to order the expense necessary for the operation, maintenance, repairs, replacement, electric current, care, supervision, and all other items necessary for the proper operation and maintenance of street lighting systems proposed within the annexed territories shall be assessed in Fiscal Year 2010 -11 upon each lot or parcel of land lying within the annexed territories in proportion to the estimated benefit received from the proposed street lighting improvements, and which should be assessed to pay the expenses of the operation and maintenance of said improvements. An annual Engineer's Report, approved by your Board each fiscal year, establishes the annual base-rate assessment for all zones within County Lighting

District LLA-1. For Fiscal Year 2009-10, the annual base-rate assessment for the Unincorporated Zone is \$5 for a single-family residence, with proportionately higher assessment rates for other land uses. This annual assessment for the operation and maintenance of street lights will be added to the property tax bill of benefited parcels within the boundaries of County Lighting District LLA-1. Each year thereafter, an assessment for operation and maintenance costs, approved by the Board, will be added to the property tax bill.

The Engineer's Report, prepared for each petitioned territory, contains a full and detailed description of the proposed improvements; a description of the lots or parcels of land to be annexed; the estimated costs of operation and maintenance; a diagram of the territory to be annexed; and the recommended assessment on each lot or parcel of land included therein.

The ballots will be weighted by the amount of assessment to be paid by each property owner. The territory will not be annexed and the proposed assessment will be abandoned if the weighted majority of ballots submitted are opposed to the assessment.

SECTION 6. The amounts to be assessed for the expense of such installation, operation, and maintenance of the work or improvements described above shall be levied and collected in the same manner and by the same officers as taxes for County purposes are levied and collected.

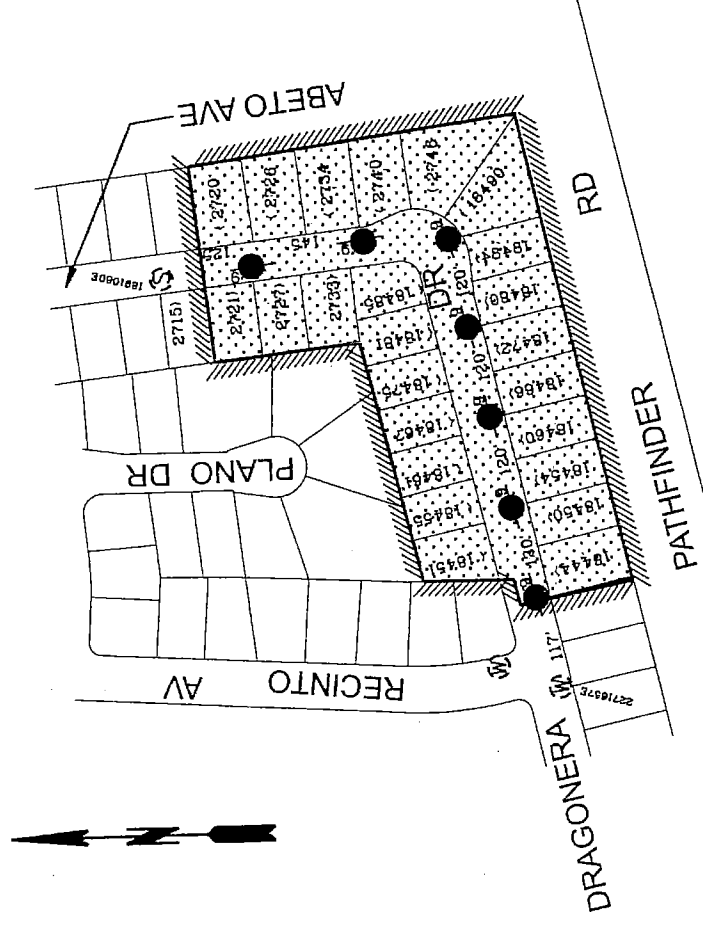

SECTION 7. Proceedings for the levying of assessments shall be taken under and in accordance with the Landscaping and Lighting Act of 1972 (Division 15, Part 2, of the California Streets and Highways Code) and Section 53753 of the California Government Code.

The levying of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996), which provides for property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territories proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner.

In addition to returning the assessment ballots, property owners may file with the Executive Officer of the Board of Supervisors a written protest against the proposed annexations at anytime prior to the conclusion of the public hearing. The written protest must identify the property owned and must state all grounds for objection. The protest may be withdrawn in writing prior to the conclusion of the public hearing. A majority protest will cause abandonment of the proposed annexation. If you wish to file a written protest, you may address it in writing to:
